

Building a better Burnhaven

Burnhaven Library will close for remodeling from 5:30 pm Sat., Sept. 18 through late April 2011.

The remodeled library will include a computer lab, license center, energy saving upgrades and improvements to the teen and children's areas of the library. During the remodel, you're invited to use any of the county's eight other library branches. Please ask library staff for a complete listing of all Dakota County Library locations and hours or check our website below.

Picking up requested materials

All requests filled after Sat., Sept. 11, will be transferred to the Galaxie Library in Apple Valley unless otherwise specified. If you'd prefer to pick up your materials at a library other than Galaxie, please speak with library staff to designate another location.
